

ORDINANCE NO. 191

An Ordinance amending Ordinance No. 118 increasing the charge for out-of-town water hook-up.

IT IS HEREBY ORDAINED by the Council of the Town of Coupeville as follows:

Section 1: Section 2 of Ordinance No. 118 is hereby amended to read as follows:

"Before the Town will connect any service to the municipal water system, application must be made to the council. The application must be accompanied by a deposit equal to 25% of the hook-up charge for the service requested, said charges are as follows:

3/4 inch service	\$ 400.00
2 inch service	1250.00
4 inch service	2500.00
6 inch service	5000.00

The Council may allow the balance plus 6% per annum to be paid in twenty-four (24) equal monthly installments. Failure to pay any installment when due will terminate all rights of applicant, any money so paid will be forfeited as liquidated damages. The above charge is levied to equalize the investment that the residents of the Town of Coupeville have made in their water system. The two (2), four (4) and six (6) inch meter will be furnished but an additional charge will be made for a 3/4 inch service, which charge will be \$100.00 or the actual cost of installation, whichever is the greater sum. The meter will remain the property of the Town. Every service connection shall be made only after a contract has been entered into by the applicant and the Town.

Section 2: This Ordinance shall be in full force and effect after its passage and publication as required by law.

PASSED by the Council and approved by its Mayor this 10th day of September, 1968.
